Florian Ceprika

Web Developer

Work History

2021-01 - 2022-01

Lead Developer

CLD, Bruxelles

- Interfaced with front-end and back-end development teams to develop unified product, smoothing out coding conflicts before problems arose.
- Designed and maintained integrated requirement traceability matrices to verify development performance consistency across teams and projects.
- Collaborated with project managers to select ambitious, but realistic coding milestones on pre-release software project development.
- Updated old code bases to modern development standards, improving functionality.

2019-10 - 2020-10

Working Holiday Visa JAPAN

English Teacher, Painter, Tokyo
Motivated and adaptable individual with a passion for cultural exchange and language learning. Proven ability to thrive in a new environment, having spent a year living abroad in Japan where I taught English and painted houses while also immersing myself in the culture and learning conversational Japanese.

2016-09 - 2019-09

Full Stack Developer

Kurt Geiger, London

- Write modern, performant, maintainable code for a diverse array of client and internal projects
- Work with a variety of different languages, platforms, frameworks, and content management systems such as Magento, Magento 2, React, Selenium, PHP Unit, HTML, CSS, Javascript, AWS and MySql.
- Communicate with multi-disciplinary teams of engineers, designers, producers, and clients on a
